

Shipping

TAXED TO LIMIT, MANCHURIA

IS HERE WITH BIG LIST

With every cabin occupied, and hundreds of travelers in the steerage, the Pacific Mail liner Manchuria from San Francisco is an arrival at the port of Honolulu this afternoon, bringing many tourists and others who are admittedly recruits as a result of the aggressive campaign now being waged on the mainland at the instance of the Hawaii Promotion Committee and allied organizations.

Of two hundred and fifty cabin passengers who left San Francisco in the liner, one hundred were destined for Honolulu. The number leaving the Manchuria at this port also include at second class and one steerage passenger.

Local police officers boarded the big liner at the quarantine this afternoon for the purpose of effecting the arrest of Chai Gin Hank alleged a former treasurer of a Coast Chinese benevolent society, who is charged with having absconded with funds amounting to about \$2000 belonging to that order.

The officers who accompanied Customs, Immigration and Quarantine officials to the ship were shown every courtesy by the steamship men in pursuing their quest for the muchly wanted man.

Today room was made at Alakahe wharf for the reception of 240 tons mainland freight brought to this port for discharge in the Manchuria. For a time it was a matter of doubt with the officials at the port whether the Manchuria could find a berth at the passenger and freight wharf.

The Manchuria is expected to sail for the Orient at eleven o'clock tomorrow morning taking in addition to 148 cabin, 13 second-class and 350 Asiatic steerage through passengers, a dozen in the cabin and 70 in the steerage looked at Honolulu.

A late mail from the mainland amounting to 297 sacks arrived in the Manchuria today.

Ten Thousand Tons Cargo

At the time the American Hawaiian freighter Mexican called at Salina Cruz, for transhipped freight from New York and the East coast of the United States, preparations were well under way for the handling of ten thousand tons cargo daily at the new American Hawaiian docks at the Trans-Pacific terminal.

Officials in the Mexican report that the shipmen of 5000 tons Hawaiian sugar were discharged at Salina Cruz in twenty-four hours. This record is equal to about two records of the past. The record was made possible by the modern devices the company has at Salina Cruz. The electric cranes and other apparatus responsible for this feat are to be duplicated at the new twin docks Nos. 30 and 32, now under construction here for the company at this port. When completed it is expected that it will be possible to load and discharge 10,000 tons of freight at these docks daily. New York.

Salvator for Honolulu, Jesus Mata. To sail from Aberdeen, Washington with lumber for Honolulu the American schooner Salvator will arrive here with a new first officer. While outside of Grays Harbor, the mate is reported to have fallen from aloft and was drowned. From a notification of the death of the sailor received at Honolulu it is stated that the mate was in the rigging attending to minor repairs and was seen to fall as it suddenly stricken with heart disease. The Salvator was put about and some hours were spent in an endeavor to recover the body.

The Salvator failed to bring lumber from Bay City Mills and is expected to arrive here the middle part of December.

Carter Caught His Man. Frank Fresh, said to be a Fifth Cavalryman has been placed under arrest charged with wielding a knife, his victim being a Porto Rican woman.

Fresh was a muchly wanted man, and word was passed along the line that he was a through passenger in the troop ship Sherman. Harbor Officer Carter visited that vessel before the troop ship took a belated departure for the Philippines yesterday, and soon discovered that Fresh was not on board. Carter's next move was to pay a hasty visit to the railway station where Fresh was found prepared to take train for Schofield Barracks.

Melans Sailing for Hawaii Today. Taking explosives as well as other items of cargo the Inter-island steamer Helms will sail for Kukuia, Oahu, Laupahoehoe and Pihai, the hour of departure being fixed for four o'clock this afternoon. The vessel carries no passengers.

Thetis To Visit Hawaii. The United States revenue cutter Thetis is to be dispatched for a cruise to Hawaii, the vessel being away only for a short time. The possibility of the Thetis being sent to visit the bird islands lying to the westward is yet a matter of conjecture.

Work of clearing Richards street wharf of a large accumulation of freight removed from the Matson Navigation steamer Hyades is progressing at a satisfactory rate.

Wilder, C. F. Wood.

HARBOR NOTES

With supplies for Honolulu, the schooner Defender sailed from San Francisco yesterday.

Local shipping men look for the arrival of the American schooner Sehome, the windjammer sailed from Grays Harbor twenty four days ago.

Lumber and building material from Grays Harbor left that port in the American schooner John Smith seven days ago destined for Port Allen.

Not in weeks has the harbor been so destitute of deep sea shipping as at present. The ship Falls of Clyde, Oceanic liner Sierra and oil tanker Santa Rita making up the list this morning.

The schooner Ethel Zane is reported by cable to the local branch of the Merchants' Exchange as having sailed from Grays Harbor yesterday with a full shipment of lumber destined for Honolulu.

The congestion of freight at the several territorial wharves has been relieved to sufficient extent to permit of the Pacific Mail liner Manchuria berthing at Alakahe wharf there to be discharged of 250 tons mainland cargo.

Lowers and Cooks expect a shipment of lumber from Port Gamble in the American schooner Robert Levers which left the Washington port sixteen days ago. The vessel should arrive here by the first of the coming week.

To the Kahului agency of Alexander and Baldwin the American schooner or Nakoma is on the way down from Astoria, and should arrive at the Maui port at any time. The vessel sailed from Columbia river sixteen days ago.

Two windjammers from Willapa Harbor are enroute to the islands, the vessels bringing lumber. The schooner W. J. Patterson sailed twenty-three days ago while the Repeat is now nineteen days out from the Washington lumber port.

Completing the discharge of forty thousand barrels fuel oil the Union Oil company tanker Santa Rita is expected to sail for the coast this afternoon. While here the vessel received a fumigation at the hands of the Federal quarantine officials.

Heavy weather to the westward is believed responsible for the long passage being made by the little Commercial Pacific Cable company supply schooner Florence Ward from Midway to Honolulu. The vessel is now out twenty days from the mid-Pacific cable station.

The pawnbrokers of Great Britain issue over 100,000,000 pledges a year.

MAY OPEN PUBLICITY CAMPAIGN AGAINST THE EVILS OF LIQUOR

Anti-Saloon League Ready to Begin Work if Deemed Proper

The monthly meeting of the executive committee of the Anti-Saloon League was held at three-thirty o'clock yesterday afternoon in the study room at the Young Men's Christian Association.

The meeting was presided over by Vice-President W. D. Westervelt, and reports covering the work of the past month were read and other matters of business taken up. The principle subject of discussion was as to whether or not the League should put advertising and temperance articles in the newspapers from time to time. A committee was appointed to look into the matter, and it was well understood that the plan will be carried out, although no definite conclusion was reached.

At the request of the League, Secretary George Paty will leave for the coast tomorrow to make an investigation of the different phases of the temperance cause in California. He will be away a month and will go as far South as Los Angeles, securing information and gaining new ideas for the improvement of the temperance work here. As far as the League is concerned, it is very well pleased with the results of the recent election and feels that something has been accomplished, and no further plans will be made for work in the future until Mr. Paty returns from his trip.

In reading his report, Mr. Paty stated, in part, as follows: "As I have already said, I believe that we should, as soon as possible, prepare for constructive work. The saloons may be abolished in the near future. What have we to offer those who have been accustomed to patronize them? There certainly is a great need for a place of recreation and entertainment for those people who, when the saloons are driven out, will feel the need of social entertainment."

PLAN TO DOUBLE COST OF DAGO RED

The board of license commissioners met at noon today for the purpose of deciding what action should be taken to reduce the consumption of "sweet wines." The matter has had the attention of the commissioners for some days, and they are satisfied that a large part of the drunkenness in the city of Honolulu is the result of this liquor.

These wines have alcoholic strength of about 20 per cent and in contrast to beer of 4 to 6 per cent, strength, and in consequence the sale has increased tremendously in a very short time. The commissioners had several plans in mind but the most feasible seemed to be a scheme to increase the retail price of the cheap wines. The idea was that by increasing the price the sale would be correspondingly decreased.

The prices suggested are about double the present prices. For instance, a bottle of wine which sells today for fifteen or twenty cents would be increased to forty cents. In order that the different interests affected could be heard, the commissioners have called a public meeting to be held in the senate chamber three weeks from today. This will give the representatives of the California wine dealers time to advise their principals in San Francisco and see if they have any other plans to suggest which would meet the desires of the commissioners and be more favorable to the producer.

Governor Frear has appointed C. A. Long, who resigned to run for supervisor in the recent election, to the board, and also A. L. Castle has been appointed to take the place of C. H. Cooke. The board is now constituted as follows: Willard Brown, chairman; C. A. Long, secretary; A. L. Castle, George C. Potter and F. D. Lowrey.

Dr. Doremus Souder, pastor of Central Union church, will appear at San Antonio Hall tonight to defend his recently-uttered criticisms upon the Socialist platform in the last campaign here, and the local Socialists today announced that the general public is invited to the meeting. Dr. Souder criticized the platform adopted

by the local Socialists and will now tell why he made his criticisms. The trouble will start at eight o'clock.

The official figures of the election on West Hawaii, the Second district, were completed this morning, showing the following totals:

For Delegate—Clark, 18; Kubio, 548; McCandless, 303; Nottley, 107.

For Senator—Baker, 617; Henry Beckley, 631; Antonio Fernandez, 510; D. E. Metzger, 470.

For Representatives—De Mello, 460; Holstein, 780; Kanaa, 535; Kawika, 665; Kawewehi, 596; Linton, 437; Malolo, 302; Makahu, 473.

SUGAR STOCKS.

Sugar stocks continue slumping. Pioneer is down two points to 25, that being the registered asking price. Oahu has fallen off an additional quarter point, sales between boards being 60 and 11 shares at 25.25 and 100 ex dividend at 25. On the board 50 shares of Oahu sold at 25. Ewa has fallen off also a quarter to 25.50 with reported sales of 8 and 6 shares. Oahu alone holds its own at 5.50 for 45, 85 and 100 shares in recess. Or non-sugar, Pineapple is unchanged at 47.50 for 30 shares reported.

Dividends amounting to \$200,000 are announced on today's sheet, being: Hawaiian Sugar Co., 30 cents, or \$45,000; Oahu Sugar Co., 25 cents, or \$25,000; Oahu Railway and Land Co., 65 cents, or \$25,500; Pepee Sugar Co., 52 or 515,000; Waihu Agricultural Co., 51, or \$45,000.

WILDER AND GOVERNORSHIP.

Judge A. A. Wilder returned from San Francisco on the Manchuria late this afternoon. He is said to have the latest information on the governorship situation with him. The prediction was made this morning that Wilder would not favor McCandless for the position. He himself has been mentioned as a gubernatorial possibility.

Dr. Doremus Souder, pastor of Central Union church, will appear at San Antonio Hall tonight to defend his recently-uttered criticisms upon the Socialist platform in the last campaign here, and the local Socialists today announced that the general public is invited to the meeting. Dr. Souder criticized the platform adopted

by the local Socialists and will now tell why he made his criticisms. The trouble will start at eight o'clock.
